

Verifone V240m

The V240m, part of the Verifone Engage portfolio, combines the latest in features, functionality, and performance into one efficient and cost-effective solution.

Boasting a large, 3.5" color touch display, more memory, faster processor and multiple connectivity options, this full-function portable payment device makes doing business on the go easy. Whether merchants are looking to accept basic payment transactions or explore more advanced capabilities like paying with points, digital couponing, and other value-added services, the V240m makes it possible. Ideal for pay-at-the-table, curbside delivery, kiosks and line-busting.

Display

3.5" HVGA capacitive touch screen, Corning® Gorilla® Glass 3 technology

Memory

384 MB (256 MB Flash, 128 MB SDRAM), microSD

Processor

600 MHz, Cortex A9 32-bit RISC processor, 1500 MIPS

Card Readers

Triple track MSR: ISO 7810, 7811, 7813; smart card reader: EMVCo-approved

Operating System

V/OS (Linux-based)

Contactless

ISO14443 A&B, MiFare, ISO18092-capable, EMVCo L1 certification, supports major NFC/ contactless schemes

Connectivity

Four standard options: 2G; 3G; Bluetooth 4.2 BLE + 2.4 GHz WiFi; or 3G + Bluetooth 4.2 BLE + 2.4 GHz WiFi

Audio

Buzzer

Physical

162.9 mm L x 75.3 mm W x 53.4 mm H

Environmental

Operating temperature: 0° to 50° C (32° to 122° F); storage temperature: -20° to 60° C (-4° to 140° F); relative humidity: 5% to 90%, non-condensing

Security

PCI PTS 5.X-approved

Printer

30 lps, 40 mm paper roll

Peripheral Ports

Single USB connector for 1 host/client, separate charging connector

Power

Battery: 3.7 V/2450 mAH Li-ion; PSU: 100240 VAC w/ output DC 5 V, 1 amp

Other standard features

2 SAM slots, geolocation, backlit keypad, dual SIM

Base

- Charge-only base
- Full-featured base: powered RS-232, dial-up, Ethernet, USB client, USB host, Bluetooth

Options/Accessories

Privacy shield
